

# ladue education foundation

*Above and Beyond for All Students*

2024-25 Annual Report to the Community

The mission of the Ladue Education Foundation & Alumni Association (LEF) is to advance the excellence of the Ladue School District and enhance its legacy by expanding opportunities for student success.

2025-26 Board Members & Staff Members

"The LEF fuels innovation in our classrooms and connection in our community. When teachers have the freedom to dream and students have the opportunity to thrive, we all become part of Ladue's extraordinary legacy.

—Jill Flotken Crane  
President

"LEF-funded projects spark so much inspiration and love of learning with Ladue students of all ages, allowing them to be exposed to new opportunities, and to dive deeper into their passions."

—Julie O'Meara  
Vice President

"Supporting the LEF is an investment in our entire community. It ensures that our schools can provide opportunities for every student that state and local budgets can't cover. It also provides a way for parents, businesses, and local leaders to have a direct, positive impact on the educational experience of our students, building a greater sense of pride and shared ownership."

—Aaron Early  
Treasurer

"The LEF provides a great way to ensure public education stays vibrant and viable."

—Andrea Bezzant  
Ex-Officio

"The LEF is a key to Ladue's success by jumpstarting and putting projects in place that enhance education opportunities for our students at every level."

—Carlos Bledsoe, Sr. '83

"Returning to St. Louis after 30 years, I felt a strong desire to give back to the community. My positive experience attending Ladue Schools made the LEF a natural fit. When I learned about the opportunity to help build a mentorship program, I was excited to combine my passion for mentoring with my desire to support the district that had done so much for me."

—Suzy Bronska  
Furlong '77

"Our children are third generation Ladue students and I love our district. It's my honor to serve and help the Foundation any way I can."

—Marion Lochmoeller  
Schulte '93

"I have seen the staff think out of the box and come up with amazing ideas to help students learn and grow. Students have experiences that they never would have had if not for funding from LEF."

—Jodi Minkler

"It is important that as a community we take the initiative to support our students, teachers, and staff through the LEF. The LEF provides the Ladue School District financial support to pilot new and innovative programs and take immediate action on available opportunities.

—Carolyn Jaeger

"I was inspired to serve on the LEF Board after seeing the work of the LEF. As an alum and community member, I want to support the LEF mission of going Above and Beyond for All Students."

—Neal Furlong '77

"I serve on the Board because I've seen firsthand how the experiences provided by programs funded by the LEF can shape a child's life."

—Laurie Lock

"Ladue has been in our family's lives for two generations now, it feels great to give back!"

—Charles Mems '02

"From smaller efforts like purchasing pole-vault equipment to larger initiatives like the Tiny Home project, LEF's impact is significant. This is meaningful support across the district—opening doors to opportunities that students and staff might not otherwise have. Ladue already excels at educating our kids, LEF helps take that experience to the next level."

—Stephanie Margolis

"I got an amazing education as did my siblings and my children. Time to give back."

—Carol Weisman '67

"The LEF commitment to excellence, equity, and community engagement deeply aligns with my values, and I wanted to be part of an organization that actively invests in the future of our students, educators, and schools. Through this role, I hope to contribute to meaningful initiatives that enrich learning experiences and foster a stronger, more connected Ladue community."

—Lynn Stockwell

"I want to help the Ladue School District and kids because this is my community."

—Brent Sumner

Christine Schultz, Administrative Assistant

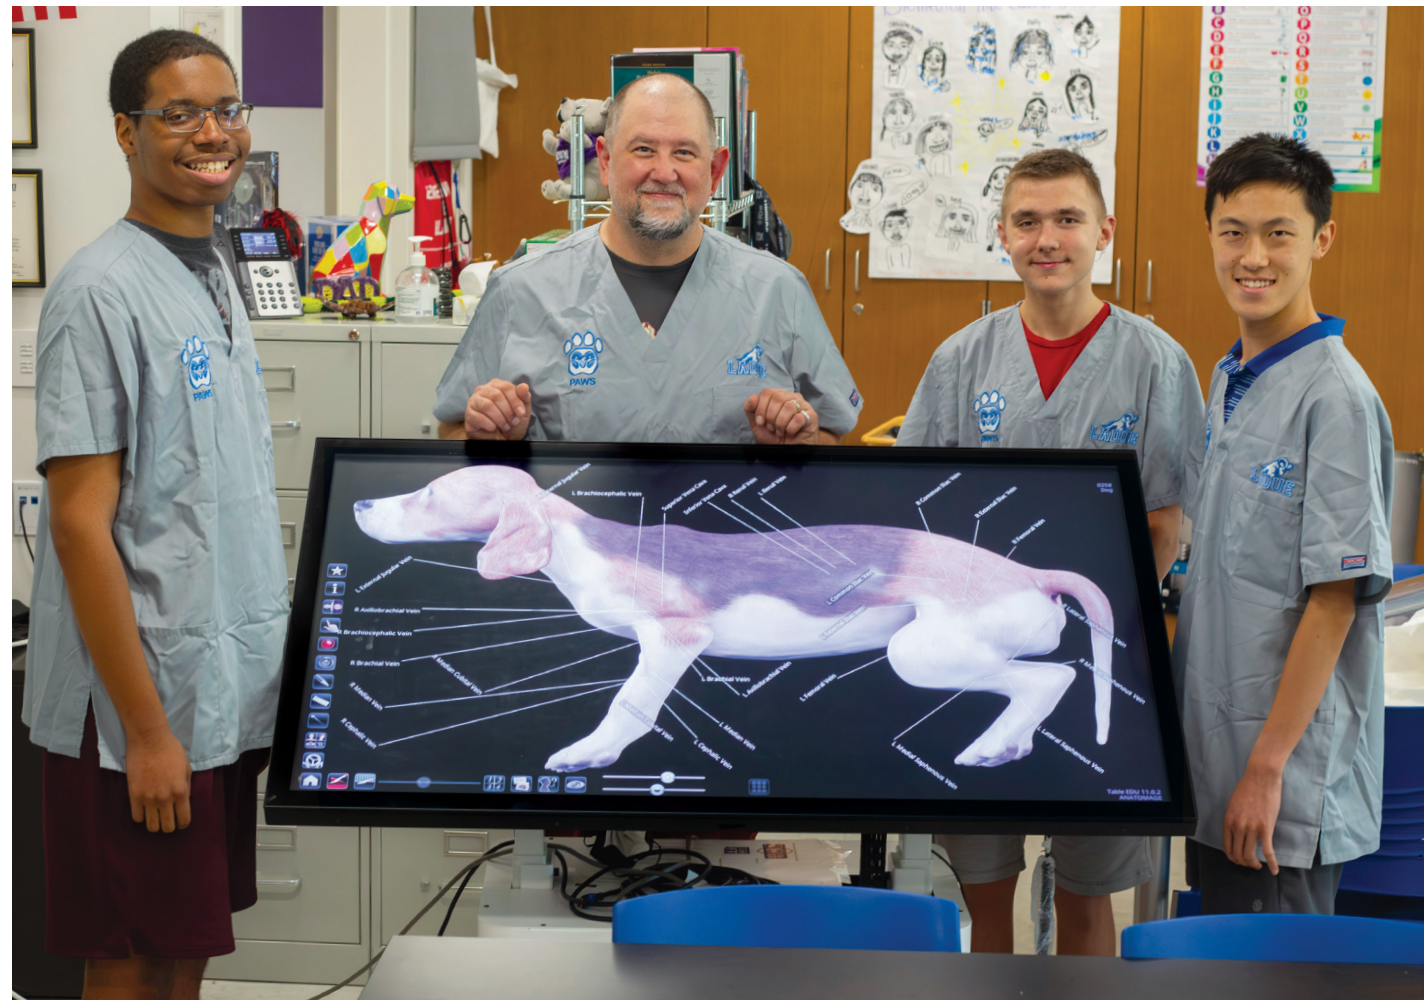

# Exploring Anatomy with Innovative Medical Visualization Technology

With your investment, the Ladue Education Foundation funded Dr. Allen Weltig's grant request for an Anatomage Table—a fully interactive, 3D virtual digital learning tool for students enrolled in LHWHS Biomedical and Anatomy and Physiology classes.

Using the Anatomage Table's touch interactive screen and sophisticated 3D anatomy visualization software, students can rotate, explore, and dissect human and animal cadavers in any direction. This innovative system

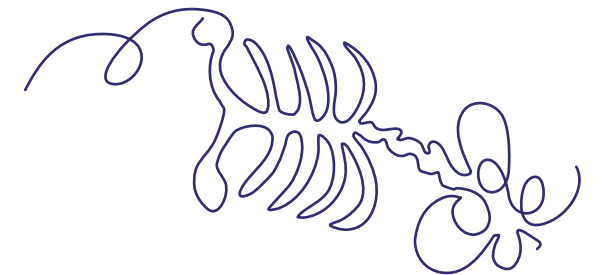

serves as an alternative to the dissection of real specimens, promoting resource conscientious and ethical use of living organisms.

"Even in the short time we've had the Anatomage Table, students have been able to see authentic, 3D representations of the anatomy they were learning in class. They not only see the real anatomy on the cadavers but are able to manipulate and interact with it in a way that brings real application to their learning," adds Dr. Weltig.

"The anatomage table helps students explore anatomy in ways that textbooks and diagrams can't."

— Lakshmi Madala, Class of 2024

Comparative Anatomy students utilize the table to study the canine cardiovascular system, following the round-trip path of a blood cell between the heart and an organ. Students then track the same blood cell in a pig to determine the similarities and differences. Biology classes use the table as well, as teachers can enhance instruction of a frog dissection unit.

A subsequent grant from the LEF for a software update provides students with access to new clinical imaging (CT and MRI scans) of not only human, but also animal species, allowing for new explorations of both anatomy and disease.

# 2024-25 GRANT PROGRAMS

Your financial support in action

## LADUE HORTON WATKINS HIGH SCHOOL PIANO LAB

The music program has been enhanced by a new, state-of-the-art digital piano lab. This upgrade provides students with essential resources like portable instruments for home practice, aids in music composition, and improves their ability to read music, supporting both introductory and advanced piano studies.

## KIDS ON WHEELS

Made possible with your generosity, Ladue Schools elementary students practice proficiency riding a bike by second grade and roller skating by fourth grade through Kids on Wheels. A large part of the existing physical education curriculum teaches gross motor movements, including balance and coordination by hopping, skipping, and galloping—bikes and roller skates are some of the best ways to enrich this curriculum.

*"Your belief in our vision of fostering happy, healthy, and confident kids, empowered by the freedom and joy of rolling and cycling, is immensely appreciated."*

— Darby Hille, Spoede Elementary School Physical Education

## STEAM WEEK - HAGERMAN THE SCIENCE WIZARD

The LEF supported activities during STEAM Week, when David Hagerman, known as the "Science Wizard," performed at the Ladue Elementary Schools, where his awe-inspiring science demonstrations brought subjects like air pressure, electricity, and matter to life for students.

*"Hagerman kept the students engaged throughout his entire interactive presentation. His experiments brought science to life. He even explained the "why" and the "how" behind each of his scientific stunts! Thank you LEF for giving our students this opportunity to have fun while learning!"*

— Emily Seabaugh, M.Ed, Technology Coach, Ladue School District

## LADUE MIDDLE SCHOOL OUTDOOR CLASSROOM

Because of your support, students engage with nature, fostering creativity, collaboration, and environmental stewardship, in a new outdoor classroom. Students utilize the space for hands-on lessons in physical, life, and earth sciences, while FACS classes cultivate vegetables and herbs tied to cultural and historical studies. ELA students benefit from nature-inspired writing exercises and sensory elements that provides valuable support for students with sensory processing needs. Additionally, fine art classes use the same space for nature photography and painting.

*"An outdoor classroom transforms lessons into living experiences—where curiosity grows freely, learning feels real, and students discover not just knowledge, but their place in the world."*

—Dr. Lisa Stein, 6th grade ELA teacher

## CONSTRUCTION INNOVATIONS: TINY HOMES

A new Industrial Technology course provides real-world learning, allowing students to apply math, science, engineering, and design skills by building a tiny home. Your financial support helps introduce students to the construction and installation of foundations, framing, insulation, decking, sheathing, siding, roofing, finish carpentry, furniture design, kitchen, and bathroom build-out, and NOAA home inspection requirements.

## TODDLER PLAYGROUND UPDATE

The youngest district learners at the Ladue Early Childhood Center now enjoy a more interactive and safe outdoor space. An LEF grant allowed for the purchase of a new, sturdy playhouse and bridge, encouraging exploration and problem-solving through play.

26  
GRANTS  
AWARDED

MORE THAN  
\$235,000  
IN SUPPORT

HIGHEST \$  
AMOUNT EVER  
AWARDED IN ONE  
SCHOOL YEAR.

ADDITIONAL  
GRANTS NOT  
FEATURED:

- LMS eSports Program
- LHWHS Anatomage Table Software Expansion
- LHWHS Student Activities Grants
- FGC Buddy Bench
- Districtwide Holiday Happiness
- Elementary Schools—Making Space for Regulation

Thank you for sharing  
our mission to go

ABOVE &  
BEYOND FOR  
ALL STUDENTS

# Ladue Legacy Society

*Invest in Excellence.  
Inspire the Future.*

A planned gift to the **Ladue Education Foundation** (LEF) is a strategic way to sustain the extraordinary educational opportunities within the Ladue School District. Your commitment transcends your lifetime, ensuring the LEF can continue to reach **Above and Beyond for All Students**.

## The Benefits of Planned Giving

A legacy gift is more than just philanthropy; it is a versatile financial tool. Options such as bequests and trusts can be structured to:

- ➔ Provide **significant tax advantages** for your estate.
- ➔ **Maximize the impact** of your charitable giving while minimizing the tax burden on your heirs.

## Making Your Legacy Gift

**Contact the LEF:**  
We are available for a confidential discussion and can provide specific language to facilitate your gift. Please call or email Julie Maise Ferrie '72  
**314-983-5334 | [lef@ladueschools.net](mailto:lef@ladueschools.net).**

"I have LEF in my estate plan because any success I've had academically is thanks to my years in the Ladue School System."  
—Carol Weisman '67

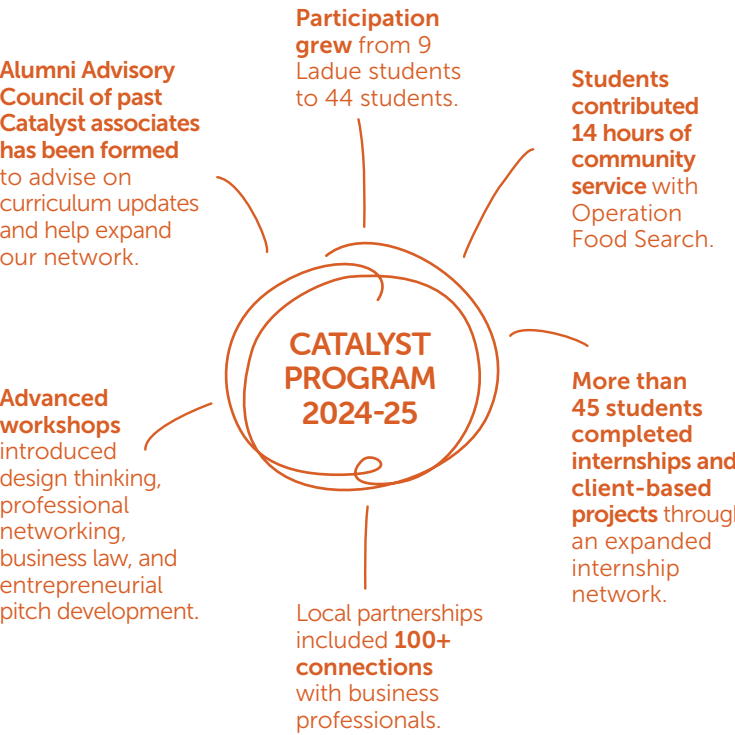

# Catalyst Program Update

Initiated by an alum donor during the 2019-20 school year, Ladue Horton Watkins High School (LHWHS) students have benefitted from the district's expanded partnership with the Catalyst Business & Entrepreneurship Immersion Program (CAPS).

Catalyst students visit Rawlings Experience for a lesson in Marketing

CAPS students fast forward into their future through immersion in a professional culture, solving real-world problems, using industry standard tools and mentorship from actual employers, all while earning high school and college credit. The Catalyst organization facilitates CAPS participation from our three-district consortium (Clayton, Brentwood, and Ladue).

# Ladue Alumni Association

## Career Day

On January 23, 150+ students attended Career Day at Ladue Horton Watkins High School, for the opportunity to connect with 40+ professionals, many of whom were Ladue Alumni. The mentors represented a variety of disciplines, including Finance, Sales, Marketing, Law, IT, and Healthcare.

Career Day provides Ladue students with a valuable opportunity to learn about the breadth and depth of professions across multiple industries, suggested courses to take in school to prepare for a career in each industry, and the skills needed to pursue internship opportunities.

Students connect with alumni and community members who share their experiences and professional advice.

Special thanks to Suzy Bronska Furlong '77 and Jill Crane, who served as co-chairs for this school year's Career Day, and Greg Kendall, LHWHS Administration Sponsor.

For more information, or to volunteer for a future Career Day, please contact [lef@ladueschools.net](mailto:lef@ladueschools.net).

"LEF Career Day connects students with alumni and community members to provide education about professions, essential professional skills, and to build networks."  
— Suzy Bronska Furlong '77

Follow us on Facebook—*Ladue Horton Watkins High School Alumni*—for happy hours and other activities.

Ed Goldberg '65, Rick Halpern '64, and Tom Kolbrener '66

## Ladue Alumni Association Golf Tournament

More than 50 Ladue Alumni and supporters gathered at the Norman K. Probststein Golf Course in Forest Park on August 5, for the inaugural Ladue Alumni Association Golf Tournament. Thanks to your participation and generous support, the tournament raised funds that directly benefited current Ladue students and staff through Ladue Education Foundation grants and programs.

Please join us in thanking our event sponsors, including Ladue Schools (RAM Sponsor), Dielmann Sotheby's International Realty (Dinner Sponsor), and Patershuk Partners Real Estate (Lunch Sponsor).

**Career Day**  
February 26, 2026  
**Alumni Golf Tournament**  
August 3, 2026

# New! Honor Your Favorite Coach

Your donation will honor a past or present Ladue coach with a plaque in two locations! The front covered wall of the **West Campus Plaza** and at **Ladue Horton Watkins High School** near the Nielson Gym.

The LEF’s mission is to go *Above and Beyond for All Students*. Your contribution supports grants and programming at every level and in every field of study impacting students, staff, and the broader community. For more information, please contact Julie Ferrie [lef@ladueschools.net](mailto:lef@ladueschools.net) | 314-983-5334.

## Above and Beyond for All Students

Dear LEF Board members & alumni,  
 Thank you for approving our grant & for everything you do!  
 I look forward to helping build our new outdoor classroom, and getting to learn in it. Myself & all of planet protectors are grateful for this huge help and opportunity.  
 Thank You!

♡♡♡♡♡

Sincerely,  
 Absheera Benthiueman

Dear LEF Board Members and Alumni,  
 Thank you for giving us the 10K!  
 We are so thankful for your generosity. I look forward to start on the outdoor classroom. Thanks again!

Sincerely,  
 Lyla Lila

Dear LEF Board Members and Alumni,  
 Thank you so much for funding our outdoor classroom! Though I won't be going to the middle school next year, I know how much all the future students are going to love it. This is going to be such a great addition to our school, and you are one of the reasons one of our biggest club dreams could become a reality.

Thanks,  
 Lili Flotron

8th grade President
